

1. WELCOME TO THE CALL

Thank you for taking time to get on a call with us today to talk about an alternative to shopping and supporting the big box stores!

Where are you from?

2. PATRIOT SWITCH LINK

Have you had a chance to review the link that we sent to you?

3. SHARE MY STORY:

I like to share how we got to where we are today with this movement.

After the 2020 election, I saw what was happening to Mike Lindell and how he was getting canceled for standing up and speaking the truth.

It was at the point that I felt that God was tugging on my heart strings to do something, but I was not sure what it was exactly that he wanted me to do, so I started praying. And I continue to pray for several months, 8-10 months. And about 2 months ago now, I was connected with some people that I trust and they shared this opportunity with me.

I was in Mela 5 years ago, and it was not the right time. I loved and used the product, but it was not the right time for me to be on the "business side" of things. But now, with everything going on, and the way things are going in our country, I knew now was the time. And I did not realize it right away, but this was actually God answering my prayer.

4. MELALEUCA IS BOTH THE FACTORY AND THE STORE

Melaleuca is both the factory, which means that you will have the opportunity to buy straight from the factory floor, which means wholesale pricing.

“Let me tell you a little bit about the owner of Melaleuca Frank VanderSloot. In 2012, Frank was included on Barack Obama’s list of the 8 most dangerous conservatives in America. That list was published by all the Mainstream media outlets and social media companies. This caused his factory to lose business. He thought to himself, ‘Why is this happening to me? I’m not a bad guy.’”

Then he realized what was happening to him wasn't as bad as what others had been put through for standing up for freedom. Think about what the founding fathers went through when they signed the Declaration of Independence. But they did it anyway! At that point, Frank made a decision to stand for what he believes in, no matter the cost.”

“Frank went on major news networks and announced every time the media mentioned he was on the Obama administration's list of the 8 Most Dangerous Conservatives, he would donate \$100,000 to conservative causes. As a result, his factory did not go out of business ... instead his business increased!”

5. FACTS ABOUT MELALEUCA

1. Melaleuca has hundreds of products that we all need and use everyday like Shampoo, conditioner, body wash, laundry soap, fabric softener, hand soap, dish soap, toothpaste, mouth wash, facial scrub, hand lotion, coffee, tea, protein bars, snack bars, vitamins, a full line of essential oils, and natural products without all the harmful chemicals to clean your home just to name a few.

2. Melaleuca has been in business for over 30 years... they are completely debt free, and they have never accepted any of the buy-out offers to join these big box consumer cartels. And they've vowed to never sell out! To avoid being absorbed by these conglomerates, like Procter & Gamble and Johnson & Johnson, they created a Factory Direct Shopping Club. This manufacturer is the only good choice out there that can compete with these mega manufacturers and specializes in making the sorts of things we all buy and run out of our whole lives.”

3. The retention rate of Melaleuca customers is extremely high. Ninety-six percent of all customers who ordered last month will order again next month.

6. MEMBERSHIP

As you know from the link we sent you, Melaleuca has three membership levels:

Category 1 - Switch Shopping

Support Family-Owned and American Made
Members enjoy a 30-50% discount

Believe in the movement

Category 3 - Most Impact

Support & Join the Patriot Switch Movement
Income Potential of \$5000+/mo
Ready to make a big impact

The yearly membership is \$19

What membership level do you feel will work best for you?

7. 35 POINT REQUIREMENT

In order to continue to offer great products at great prices, Melaleuca does as that you shop for at least 35 points each month which equals out to about \$50-\$60 a month. Which most of us are already spending that amount each month, but now we have a better option where we choose to spend our hard-earned money.

It's important to remember that when you switch from where you are currently buying the products you need and use every month over to Melaleuca, not only are you supporting our patriot movement and not only are you getting better and safer products, you are actually getting more for your money, not to mention you are saving time and money because you won't need to drive to the store as these products will be shipped right to your door and not to mention that you will no longer be supporting the big box stores. So you are not adding any additional spending to your monthly budget, you are simply switching where you get your products from.

“The purpose of switch from where you are currently shopping to Melaleuca is NOT to ask you to increase your budget or purchase anything you aren't already buying for your household, but to simply take the money you are already spending each month on the products you need and use every month and switch to a family-owned manufacturer that shares your values.”

8. FULL MONEY BACK GUARANTEE

Melaleuca has a full 90 day money-back guarantee if any product doesn't meet your expectations, and you can cancel your membership at any time!

9. LOYALTY SHOPPING DOLLARS

Loyalty Shopping Dollars are kinda like rewards points, every time you shop at Melaleuca you will earn loyalty shopping dollars that you can use towards future orders, it's basically free money and it is a great way to give you even greater value for your Melaleuca membership! And there are many ways you can earn Loyalty Shopping Dollars.

Every new Member is automatically eligible for up to \$100 in their first five months! You will get \$20 in loyalty shopping dollars each month for the first 5 months.

You can also get an addition \$20 in loyalty shopping dollars if you place an order within 48 hours of when we sent you the enrollment link.

10. LEARN TO EARN VIDEOS

Every month, Melaleuca creates new videos where you can learn about the products you are using so that you can be better informed about what is in the products, how they are better for you, safer for your family, how they can benefit you and how they compare to the name brand stores in price, in quality and safety. Melaleuca will reward you with loyalty shopping dollars just for watching these videos and learning about the products.

11. GETTING YOUR ITEMS SHIPPED TO YOUR DOOR

We are all busy, so getting the products you need and use every month shipped to your door is not only convenient, but it also saves you both time and money. You won't need to get in your car and go to the store to get these items, so you can spend the time you would normally spend going to the store for these items on more important things.

With Melaleuca when you place an order it will arrive at your door with-in 2-4 business days on average.

12. SAVINGS PACKS

Once you create your account on the Melaleuca website, you will see the white search bar at the top, you can search on "**NEW CUSTOMER SAVINGS PACKS**" and it will list the 7 new customer savings packs.

NOTE: These packs are only available for the first two months for new customers.

13. HOW WE TAKE OUR COUNTRY BACK

As Patriots, we have an amazing opportunity to buy better, safer, cleaner and healthier American made products that we need and use every day.

We need to stand up for our country! And we can do that by switching where we are spending our money on the things we need and use every day. And we can do that by pulling money away from these Big Box stores and buying direct from this Patriot owned factory instead.
